Winemaking

The Morro View and Coquina fruit was sent directly to press upon arrival, while the Carroll fruit sat on skins for 5 days prior to pressing. The wine was 60% fermented in stainless steel tanks with native yeast, and 40% fermented in neutral oak barrels on lees with native yeast. We aged the wine in barrel and tank for 6 months prior to bottling.

The Bee and Jupiter

A queen bee gave a pot of her honey to Jupiter, who was so delighted that he offered the bee anything she desired. The bee asked for the ability to kill her enemies. Taken aback, Jupiter fulfilled his promise, but said that the bee's sting would come at the cost of her own life.

This fable is a reminder to be careful what you wish for. We started a little Cab project as a college fund for our kids, and it's evolved into much more than we imagined. We're so pleased with what's happened, but we've had to adjust our expectations along the way.

Tasting Notes

Float back to your youthful summers: Welcome the comforting aromas of ripe peach, ricotta and graham crackers, feel this fresh mid palate roll into a bright finish. Like us, this wine is young and energetic, but still respects the classics.

SUSTAINABLE • NO ADDITIVES • VEGAN
